

Bachelor of Arts in BUSINESS ADMINISTRATION

A Convenient Program Tailored to Your Goals

The Bachelor of Arts degree in Business Administration (B.A.B.A.) allows students to tailor a business degree to their career and personal goals by combining business courses with a minor from outside the College of Business. As an added benefit, this degree can be completed at your local UCF Regional Campus. Students interested in the B.A.B.A. degree should complete their Associate of Arts (A.A.) degree at their local public community college along with the prerequisite courses. Note: Two semesters of college-level foreign language or proficiency are required.
